Policy of Ethics to verify Malpractices in Research

The prime objective of this policy to promote the research work and research publications and prevention of misconduct including plagiarism in R&D. A code of ethics to check malpractices and plagiarism is essential to promote academic integrity and ensure ethical behavior among our faculty members. College can be used this policy in following manner for malpractices and plagiarism:

1. To maintain the principles of honesty, integrity, and transparency in all academic endeavors. College focus on prevent not engage in any form of dishonesty, including but not limited to plagiarism, fabrication, falsification, or misrepresentation of ideas, data, or sources.
2. College teacher and student would produce original work that reflects ideas, research, and analysis. Researcher are properly acknowledge and give credit to all sources used in research work, including quotations, paraphrases, and ideas borrowed from others.
3. In respect of the intellectual property rights of others, including copyright, patents, and trademarks to seek appropriate permissions and licenses when using copyrighted material, ensuring that I do not exceed the limits of fair use.
4. College research faculty members would be consistently use appropriate citation and referencing styles to acknowledge the contributions and ideas of others. It will provide

accurate and complete citations for all sources used in research work, both in-text and in the bibliography or reference list.

5. College would engage in collaborative activities with others in an ethical manner, giving due credit to all contributors and not take credit for the work of others without proper acknowledgment or authorization.
6. To maintain academic Rigor and standards strive for excellence and adhere to the academic standards, policies, and guidelines set forth by institution and not engage in any action that compromises the integrity of examinations, assignments, research, or evaluations.
7. College is continuously aware about the principles of ethical research work as well as promote awareness and understanding of academic integrity within teachers.
8. College would report any suspected cases of plagiarism, academic misconduct, or unethical behavior to the appropriate authorities and take responsibility for actions and accept the consequences if found guilty of any ethical violations.
9. College will strive to improve staff skills, knowledge, and ethical behavior throughout academic journey and actively participate in programs and initiatives aimed at fostering academic integrity and preventing plagiarism.
