Stress should be given more on use of It tools while teaching

There must be an separate subject in where students will know deeply about securities market.

should add on subjects how to incorporate new companies. And more deep about tax and costing subject:

Practicle knowlege are required

Should add on some practicality in our education systems only this I have to suggest.

Use English language in all subjects

Suggestions by the alumni

1. Study should include syllabus which would be useful for getting employment
2. Teaching should be More interactive
3. I think that various activities should be conducted on English Day.
4. Need to give focus on English speaking practice,
5. Need to build up that confidence at huge level among the students.
6. 2. Some advance technologies for PWD candidate's, ex. Brail library, audio library for VI students.
7. More employment oriented activities should be there. Also library can be updated.
